

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It is almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

HUBBIES HUNTING A HYPNOTIZER

An Unusually Slick Specimen Whose Talents Enabled Him to Elope With Two Other Men's Wives at Once

Pittsburg, Pa., July 21.—Believing that their wives eloped with the same man, Harry Minor and Willard Draucher, respectively inspector and wire chief for the Bell Telephone company, have appealed to the police. They are satisfied that their wives have both eloped with an agent for a certain brand of shoe polish, whose name they have given to the officers. Mrs. Mary Minor wrote her husband a note when they disappeared last Friday and she told him that he would never see her again. Mrs. Violet Draucher did not go to that trouble.

Minor and Draucher both were married about six months ago. Mrs. Draucher is only seventeen, while Mrs. Minor is five years older. They were both employed as stenographers in the same office where their husbands work. When they were married six months ago the couples rented a big house in Carrick borough and went to live there together. "I am satisfied that the fellow has hypnotized them both," said Draucher.

O TO BE NOTHING, NOTHING!

The South expected nothing of the Republican National Convention; and that is what she got. She demanded nothing of the Denver convention; and that is what she got. She wanted nothing of the Columbia convention; and that is what she got. The South will furnish the great bulk of the electoral vote that will be cast for the democratic national ticket, but the national party pays no attention to the South—because it doesn't have to. The South has furnished the prohibitionists with their most glorious victories in a quarter of a century, but the prohibitionist party pays no attention to the South—because it doesn't have to.—Savannah News.

EXPECTING THE HEIR APPARENT

Canada Preparing to Show Great Loyalty in Her Coming Celebration

Quebec, July 21.—This quaint old city is in a flutter of anticipation over the arrival of H. R. H., the Prince of Wales, who will sail into the harbor aboard the new British battleship Indomitable tomorrow to inaugurate the 36th anniversary of the founding of Quebec by the French navigator Champlain.

The coming of the future king of England is a significant event in which all Canada is deeply interested, for aside from the pageantry of a royal visit it is a notable expression of the strong bonds now existing between the imperial government and its American colony.

RACE QUESTION DOESN'T TROUBLE HIM

Once again the "first bale" man of Georgia is a negro—the same negro who has won the distinction every season during the past twelve or fifteen years. He is Deal Jackson of Dougherty county. The public never hears of Jackson in connection with agitations or trouble making, but regularly once a year it hears of him in connection with progress and prosperity. He is a good farmer and respected citizen of his community. He doesn't know that there is any such thing in the world as a "race problem." To him the only "problem" is that of getting the best results from his land and living on good terms with all mankind. Deal Jackson is an example to be copied by his race.—Savannah News.
